Nick ★★★★★

"I contacted Scooter's Lawn Care for an estimate on exterior lighting, and they responded quickly with a very reasonable quote. I contacted them twice for minor issues, and both times they were out within 24 hours to fix them. The quick service after the sale definitely adds value to the overall price and the lights look great."

Leann ★★★★★

"I'm very pleased with the service! Jess was awesome to work with, Zoey patiently responded personally to emails, the installation crew were friendly, polite, and open to feedback, not leaving till they were sure we were happy.

The only thing I noticed today while watering was that the dirt/mulch on the left side was sparse in places where the visqueen is visible. I don't know if that will be a problem. It looks fine. I probably can disperse it to cover that spot.

I think Jacob has built a great company that is expertly managed by a smart, talented female leadership team.

You're a company I trust and enjoy doing business with. That's not an easy thing to find these days."

Jacqueline ★★★★★

"Jess and Brian H with Scooter's Lawn Care came out and gave us an estimate on several outdoor projects around our home. Currently, Brian H and his crew are rebuilding a retaining wall. The previous wall was made of railroad ties that were old, rotten and falling into our neighbor's driveway. Brian H and his team have been working hard and very efficiently removing the soil, perennials and the old ties, all while being very mindful of our neighbor's driveway. Brian and his team are very polite and professional and I definitely would recommend Scooter's and Brian for your home projects."

Summer ★★★★★

"Scooter's was able to help me when another lawn service kept cancelling our lawn care. The other service had kept us waiting for two weeks, and our lawn was getting overgrown. Scooter's stepped in very promptly and was able to help us."
